Applicant: Berndt et al. : DECISION ON REQUEST FOR  
Patent Number: Not Yet Available : RECALCULATION of PATENT  
Issue Date: Not Yet Available : TERM ADJUSTMENT IN VIEW OF  
Application No. 10/073,374 : WYETH  
Filed: February 12, 2002 :

The Applicant's Request for Recalculation is **DISMISSED AS PREMATURE**. Applicant has filed the request based upon the USPTO determination that is provided to applicant in the notice of allowance.

The USPTO does not calculate and inform the applicant of the patent term adjustment based upon the three-year pendency provision of 35 U.S.C. § 154(b)(1)(B) or the overlapping provision in 35 USC § 154(b)(2)(A) in the notice of allowance because the USPTO must know the date the patent will issue to be able to calculate the patent term adjustment based upon these provisions. Accordingly, the USPTO does not determine the amount of "B" delay or the amount of overlap as required by Wyeth until the USPTO establishes a grant date.

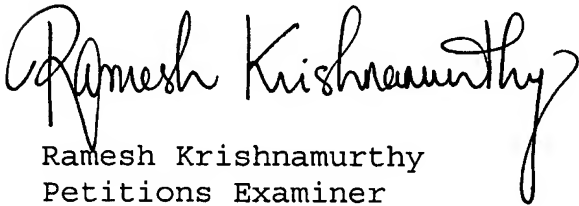

Thus, reconsideration of the patent term adjustment indicated in the patent as it relates to the three-year pendency provision of 35 U.S.C. § 154(b)(1)(B) and any overlap pursuant to 35 USC § 154(b)(2)(A) are not considered matters that could have been raised in an application for patent term adjustment under 37 CFR 1.705(b) (provides for reconsideration of the patent term adjustment indicated in the notice of allowance). Therefore, a request for reconsideration of the patent term adjustment calculation based on the three-year pendency provision of 35 U.S.C. § 154(b)(1)(B) and the overlapping provision of 35 USC § 154(b)(2)(A) will be considered timely filed if filed within two months of the issue date of the patent.

Applicant may file a reply to this decision dismissing the Request for Recalculation. Applicant must file such reply within one month or thirty days, whichever is longer, of the mail date of the decision dismissing the Request for Recalculation. No fee is required if patentee is asserting in the reply that the dismissal for ineligibility is improper.

Applicant should use document code PET.OP if electronically filing a reply to this dismissal. If the USPTO finds that the request was improperly deemed ineligible, the USPTO will mail applicant a recalculation determination.

Applicant should be aware that in order to preserve the right to review in the United States District Court for the District of Columbia of the USPTO patent term adjustment determination, patentee must ensure that he or she also take the steps required under 35 U.S.C. § 154(b)(4)(A). Nothing in the request for recalculation should be construed as providing an alternative time frame for commencing a civil action under 35 U.S.C. § 154(b)(4)(A).

Any questions concerning this decision should be directed to the Office of Patent Legal Administration at 571-272-7702.
